

“People can try  
But that’s about it.”

——Natsuki, Doki Doki Literature Club (2017)

# THE TRIVIAL NOTIONS SEMINAR

**Taeuk Nam**

will speak on

## **Moduli Problems and Stacks**

### ABSTRACT

We will give a gentle introduction to moduli problems by focusing on a handful of elementary examples. We will then motivate the definition of stacks from the failure of moduli problems to have fine moduli spaces. This talk is a shameless advertisement for the tutorial that the speaker is teaching in the fall.

**Tuesday, April 5, 2022**

**at 1:30 pm**

**Science Center, Room 232**
